PULTE HOMES ACQUIRES 52 ESTATE HOME SITES IN ORLANDO MARKET

*Lake Pickett Reserve to Feature Lakefront Home Sites,
Large Lots and Private Boat Ramp in Gated Community*

Orlando, Fla., February 26, 2015 – Pulte Homes has acquired 52 estate home sites at Lake Pickett Reserve, expanding the homebuilder’s presence in the greater Orlando market. Land development activity is already underway at the new community located in northeast Orange County just south of the Seminole County line.

The community, which is expected to open for sales this fall, will offer half-acre to full-acre home sites – including some sites with lakefront. The gated luxury community will include a residents-only boat ramp on 762-acre Lake Pickett; a private lake with no public access.

“Lake Pickett Reserve is one of the most beautiful residential areas remaining in this part of the state,” said Sean Strickler, division president for PulteGroup’s West Florida Division.” The community offers one of the last and best opportunities to live in this market area which offers excellent accessibility to employment hubs, transportation, entertainment and recreation corridors.”

Pulte plans to build single-family estate homes that range in size from approximately 2,000 to more than 4,000 square feet with open, flexible living spaces.
